

THE TSHWANE IDC

VR Innovation Academy

Is looking for fifty

CREATIVE BRAINS with “CAN DO” ATTITUDES

Are you an energetic and enthusiastic individual?

The world of Virtual Reality and Augmented Reality is exciting and is also today's fastest growing ICT technology sector.

Creating VR solutions needs a combination of creative thinking, a passion to succeed and a “can do” attitude.

It also needs a firm understanding of the underlying technologies for the many cross-disciplinary functions needed for VR, AR, and interactive digital media.

If this is YOU, and you also have an academic, or industry background in **computer science, web development, multimedia, game design, architecture, engineering, mathematics, physics**, or similar ...

... YOU may be the IDEAL PERSON to join us for training at the Tshwane IDC's VR Academy”
